

IS BOOK CHALLENGE WORTH THE EXTRA EFFORT AND EXPENSE?

We, at our school, feel it is surely worth it when you see the enthusiasm building as it gets close to the revealing of the new booklist. When you hear students discussing the books with each other and with you, it is very rewarding. As mentioned above, our books are read over 1000 times although, on average, we will have 30-35 students who will read all 30 books and be eligible to attend the year-end party. We are planning to continue Book Challenge in the future.

HOW MUCH PAPERWORK IS INVOLVED?

I am attaching copies of some of our paperwork that you are welcome to adapt to your needs:

- a) large booklists w/authors
- b) small booklists for students to mark off books and for use in our file
- c) student evaluation forms
- d) PR notes and memos
- e) party invitations
- f) 4 party activity ideas (Title Fill-Insl, Mystery Characters, Around the world in 30 Books, & And Now...The Envelope, Please)
