- Online Resources: <http://www.rffutah.org/>
- Speakers Bureau
- Webzine for Young Authors, Artists
- Year Contests for Young Authors, Artists
- The Utah Project

The objective of the Utah Project is to connect Utah authors with Utah readers. RFFUtah is collecting a sampling of short pieces by Utah authors for distribution to schools, libraries, teachers, parents and readers in the hope of better acquainting readers with the wealth of talent right here in the state.

The sample represents a cross section of writing of the many talented resident Utah writers. The writers have graciously donated their work to the project so that we may make it widely available.

It will be available for download or on disk at no charge. For further information go to [www.rffutah.org/utahproject/](http://www.rffutah.org/utahproject/) for more details.
